

### **CDC Community Theatre Corporate Sponsorship**

CDC Community Theatre ([www.cdctheatre.org](http://www.cdctheatre.org)) is an all-volunteer community theater and a registered 501 (c) (3) non-profit. Our mission is to provide quality, affordable live theater to area residents. Created in 1919 by ten women inspired by the success of an original play, we are very proud to be one of the longest running community theatre groups in the state of New Jersey. With a 300-seat auditorium, we are also one of the largest.

Our productions have consistently been recognized for their excellence by New Jersey Association of Community Theaters (NJACT), a non-profit corporation dedicated to recognizing achievements by artists of all disciplines involved in the performance and production of Community Theatre in New Jersey. With the same dedication and enthusiasm as our predecessors, we hope to continue the tradition for many seasons to come.

Our annual season typically consists of two musical theater shows, one drama or comedy, and one children's theater production. Our core audience consists of loyal season ticket holders, many of whom have been attending our productions for more than 25 years, making a large percentage of them senior citizens. Our Children's Theatre productions in December draw hundreds of children and their families to our theater, many of whom return to our other shows, which tend to be aimed at audiences of all ages. We also invite groups such as residents of senior housing facilities or homes for blind or disabled individuals to attend, free of charge, the final dress rehearsals of each of our three major productions every season. During a typical season, we sell approximately 4000 to 5000 tickets for all of our performances.

Please consider becoming one of our corporate sponsors; your contribution is vital to the continued success of CDC Community Theatre. The opportunity to investment in our future will reach a unique demographic, while supporting community theatre in the Cranford, New Jersey region.
